Project description:

„Jezdíme bezpečně – společně“
„Wir fahren sicher – gemeinsam“

The project mascot is the chicklet POLDÍK

Construction of a training area

Training ground for road safety education

This project is meant to increase the safety of children and young persons in road traffic through road safety education. The main event of this project was the construction of a road safety training area. With the help of the police this road safety training area has been designed to simulate real traffice situations which the children and young people experience in their daily lives such as leaving a playground, crossing a street, driving a bike and road safety in general.

The project included the following activities:

1) Construction of a road safety training area
2) Provision of a class room for road safety education
3) Production of a bilingual textbook
4) Compilation of educational material and learning elements
5) Implementation of a learning programme for school children from Aš and Bad Elster
6) Joint road safety competitions
7) Reinforcing joint cooperative measures
8) Improving the school children's road safety awareness.
