Project number:	100007034
Project title:	**LUISE – Transnational public transport between Liberec and Seifhennersdorf**
Lead partner:	ZVON Special Purpose Association Upper Lusatia Lower Silesia, Bautzen
Project partners:	Liberecký kraj
Contact:	http://www.luise.eu.com/
Project duration:	01/2009 – 08/2010
Total costs:	295,000.00 €
EFRE funding:	250,750.00 €

Project description:

The purpose of this project is to create an overall traffic concept with consideration for the existing public transport systems as well as the economic and the demographic conditions. The project focuses on the modernisation of the railway line Liberec – Hrádek nad Nisou – Zittau – Varnsdorf - Seifhennersdorf / Rybniště which crosses the border between Germany and the Czech Republic several times and which also runs through Polish territory between Hrádek nad Nisou and Zittau for 2.7 kilometres. This particular railway link is meant to become the backbone of a traffic network which incorporates the existing public transport systems of Germany and the Czech Repubnlic in the three-border region. Special consideration will be given to the existing bus links, a multi-lingual passenger information system, a standard fare and ticket system as well as joint marketing efforts.
